Subject: Concord Monitor newspaper (NH): Details on Pruitt trip

Hi there,

I'm Ethan DeWitt, reporter at the Concord Monitor in New Hampshire. I'm responding to Administrator Pruitt's reported trip to the state today, and I have two basic queries:

- 1) Could you lay out/confirm his itinerary today — including times, locations, the parties he met with, and the nature of the discussions?
- 2) There's been some concern raised as to the secrecy of the trip. It wasn't listed on the EPA's schedule (there are no listings past Feb 2), nor was it listed on our governor's schedule. Environmental groups have said that deprived them of an ability to engage with the administrator.

Is there a reason the visit wasn't announced?

Whenever one of your can respond would be great, but my hard deadline is 6 p.m. And feel free to call — (b) (6)

Thanks,

Ethan
